

Candidate's introduction

Kryštof Krejčí

I am a second-year student of Drama Directing/Dramaturgy at DAMU. I am running for AS AMU for the following reasons:

- I seek a stronger profiling of DAMU within the academic entity.
- My goals include cooperation and deepening relationships across Faculties.
- I want to become a representative of DAMU students on the Academy level.

While active in AS AMU, I intend to focus on:

- Developing and adding events and programmes of cooperation between students and teachers across Faculties.
- Cooperation with international art universities, in particular in countries adjacent to the Czech Republic.
- Considering the options for supporting artists and cultural workers endangered by the coronavirus crisis.
- Discussing potential reforms of AMU's operation in connection with the coronavirus crisis.
- Picking up on the tradition of AMU as a university that, in its history, was right in the middle of public developments, and commenting apparent domestic and national cases of breaching human rights and democratic principles.
