

Ladislav Greiner

During all my terms of office in AS AMU, I consistently brought up suggestions from the academic community of FAMU and tried to find solutions through constructive discussion across the Faculties. I tried to stand up for those who did not trust the work of AS FAMU and approached AS AMU. I stand firmly behind my opinion and am not afraid to dissent and voice my opinion when I disagree with something.

Most of the working time in AS AMU is spent on studying proposals and submitting comments on both new and existing regulations of AMU. I am a member of the legislative council of AS AMU, which is involved in commenting on the regulations submitted for assessment.

Thanks to many years of cooperation with colleagues at HAMU and DAMU, communication across faculties and understanding mutual needs is easier for me in AS AMU. I believe that the most important current issues include the discussion on and approval of AMU's budget (DAMU+FAMU+HAMU).
