

Assoc. Prof. Marek Bečka

I have been teaching at DAMU for quite some time; mostly puppet theatre. I was a member of the DAMU senate three times, I was its chair too; I worked as the Vice-Dean for International Activity for several years. So, why do I run for the AMU senate?

I think my principal reason is a sense of responsibility towards the school – I am assured I can defend and take care of DAMU's interests in AMU senate. Then it is my experience from working with colleagues from the other two Faculties; I met many of them while working as the Vice-Dean and I hope that cooperation and the willingness to agree will continue to prevail over quarrels and defending narrow interests.

I love our school and I want to help it grow and develop.
