I am a first-year student of the post-bachelor Alternative and Puppet Theatre programme at KALD DAMU. My candidationship forces me to think about how I can contribute to AS AMU on behalf of students. It is an important issue at DAMU to connect the various Departments, and for me it is vital that the AS should interconnect the individual Faculties. As a student of KALD (with regard to the Department's emphasis on multimedia), I believe that closer ties between the Faculties could be a principal benefit. This is why I want to be actively involved in a dialogue about the potential future form of cooperation and mutual inspiration. For the students of art schools, the environment where they create is immensely important, as is the degree of freedom of their artistic output and the safety for making their visions reality. Being a member of the AS means, among other things, being involved in maintaining these values.
